WINART®

since 1976

50 years

For half a century, Winart has been a symbol of design, quality and reliability.

For 50 years, we have enriched living spaces with elegance, creating lasting value through refined details and thoughtful craftsmanship.

From our very first day, we have believed that true design lies in the details. Guided by this philosophy, we have combined innovative thinking with meticulous production standards to deliver products that stand the test of time. Each Winart piece is not merely an accessory, but a reflection of aesthetic balance, functionality and enduring quality.

Over the years, we have continuously evolved embracing new technologies, refining our processes, and responding to the changing needs of modern living. Yet, our commitment to excellence, authenticity and design integrity has always remained unchanged.

As we celebrate our 50th anniversary, we look to the future with confidence and inspiration. Drawing strength from our heritage, we continue to shape tomorrow with creativity, precision and elegance.

We extend our heartfelt thanks to our valued partners, dedicated team members, and everyone who has trusted Winart throughout this remarkable journey.

AURIS Series

AURIS Series is defined by clarity, balance, and smooth movement. Its refined cylindrical form and clean lines are designed to integrate naturally into contemporary interiors, allowing the curtain system to complement the architecture without drawing unnecessary attention.

Developed for both residential and contract projects, AURIS adapts effortlessly to different spaces through its consistent design language and flexible configuration. With a focus on calm aesthetics and functional precision, the series offers a timeless solution for interiors that value simplicity, comfort and long-lasting design.

50 years

AURIS
SFA.10001

Designed for modern interiors and large window applications, the motorized model provides smooth and quiet operation with effortless control. Ideal for living rooms, hotels and high-ceiling spaces. Available in 8 color options.

AURIS
SFA.10004

A practical and balanced solution for residential and commercial spaces. The corded model offers controlled movement while maintaining a clean, architectural appearance. Suitable for bedrooms, offices and hospitality projects. Available in 6 color options.

AURIS
SFA.10007

The manual model is ideal for smaller windows and private spaces where straightforward functionality is preferred. It is simple, reliable and timeless. Its minimal design blends easily into a wide range of interiors. Available in 6 color options.

PALAS Glider Series

PALAS Glider Series reflect a timeless approach to metal craftsmanship, where refined surfaces and precise detailing take the lead. Its cylindrical rod design, paired with a concealed glide system, allows the richness of the material and finish to stand out while maintaining a clean and uninterrupted curtain line.

Designed for interiors that value elegance over excess, PALAS Glide offers a discreet yet sophisticated presence. The hidden hanging system enhances the purity of the form, making it ideal for classic and contemporary spaces where craftsmanship, balance and longevity are essential.

PALAS
Ring Series

PALAS Ring Series celebrate the decorative character of classic curtain hanging through a visible ring system that highlights metal craftsmanship. The exposed rings introduce rhythm and depth, allowing the curtain rod to become a defining decorative element.

Preserving the same cylindrical rod design, PALAS Ring offers a richer visual expression. It is created for interiors that appreciate traditional elegance, tactile materials, and finely finished metal surfaces.
